“ Uncle Don, was a very special man to me. The love that we shared was destined from our shared birthday. Uncle Don was 11yrs old when I was born. My nickname that he gave me is still known to this day. ( Punky ) . Not everyone has an uncle that you can say met you at the bus and walked you to your class, and made sure you were on the bus to go home. Wow, have things changed now.

My last conversation I had with Uncle Don he ask me to please pray for him that God would take this horrible decease from him.

Well, God definitely answered that prayer. Uncle Don, is in the very presence of his Savior, healed with a new body and mind. RIP, my sweet Uncle, and tell my sweetheart, mom and dad I love and miss them, and I will see y'all soon.
